

LOGISTICS MANAGEMENT SPECIALIST

The Naval Sea Systems Command (NAVSEA) needs talented and intelligent college graduates with strong academic credentials and exemplary organizational and communications skills to become Logistics Management Specialists. NAVSEA is a team of world class distinguished professionals within the Department of Defense who design and develop the leading edge technologies that keep America's Navy #1 in the world..

NAVSEA's 36-month paid developmental Logistics Management Specialist Internship grooms participants for ever-increasing responsibilities providing technical direction and management of logistics aspects of ship and weapons system design, acquisition, modernization, and lifecycle support. Logistics Management Specialist project managers are part of a team responsible for the multi-billion dollar design and acquisition of current and future Navy ships, submarines, and their associated systems. Responsibilities encompass oversight and management of research; development of manpower, personnel, and training requirements; maintenance planning; system development and design, integration construction, testing, and fleet introduction; lifecycle support; and ultimate system disposal..

Requirements

Candidates must be U.S. citizens able to obtain a security clearance, must have obtained a Bachelor's degree in Supply Chain Management or other Business degree from an accredited college or university by June 2011, with a minimum 2.95 GPA or meet Superior Academic Achievement (SAA) criteria. SAA is based on 1) Class standing--Applicants must be in the upper third of the graduating class in the college, university, or major subdivision, such as the College of Sciences or the School of Business Administration, based on completed courses or; 2) Grade-point average--Applicants must have a grade-point average of 3.0 or higher out of a possible 4.0 ("B" or better) as recorded on their official transcript, or as computed based on 4 years of education, or as computed based on courses completed during the final 2 years of the curriculum; or 3.5 or higher out of a possible 4.0 ("B+" or better) based on the average of the required courses completed in the major field or the required courses in the major field completed during the final 2 years of the curriculum or; 3) Election to membership in a national scholastic honor society.
